SUBSCRIPTIONS NEARING HALF MILLION MARK

At Noon Today Local Subscrip-
tions to Second Loan Were
\$451,300; Subscribers 270

Local subscriptions to the second
Liberty Loan were close to the half
million mark at noon today, the total
figures of the campaign to date, as
given out at that hour by A. F. Judd
of the sales committee being \$451,300,
from 270 subscribers. This is a con-
siderable increase over the figures of
yesterday and before the week is over
it is hoped that the total amount will
be over the million mark and the num-
ber of subscribers will be at least
1000.

At the meeting of the executive
committee in charge of the local cam-
paign this morning, E. J. Botts of the
Von Harrington and Bob Wagner of
the deferred payment plan folders
which the employers have been asked
to circulate among their employees. J.
L. Cockburn will call a meeting of the
sales committee for Friday morning
at 9:30 o'clock in the chamber of
commerce to lay out a general cam-
paign plan for the downtown district.
The pledge folders are in the hands
of Clarence H. Cooke for distribution.
A meeting of the general auxiliary
committee will be called shortly to
aid in this work.

The big cotton signs "Apply for
Liberty Bonds Here," which have al-
ready been placed over a large num-
ber of the local banks are being dis-
tributed by G. S. Waterhouse of the
Guardian Trust company and any brok-
erage house, bank or trust company
may receive a sign by applying to him.
Mr. Waterhouse also has charge of the
work of distributing 10,000 application
blanks.

R. C. Walker and L. Tenney Peck will
confer with General Wisner this after-
noon and report on the plan of the
United States government to purchase
bonds for sailors and soldiers on the
allotment plan. This should mean not
only a large increase in the total
amount collected here but also an in-
crease in the number of subscribers to
the bonds, as most of the service men
are expected to take baby bonds on
the easy payment plan.

Allotments will be made on regular
forms supplied for the purpose and
must be executed not later than Octo-
ber 25 in favor of the Federal Reserve
Bank, New York City. For each fifty-
dollar bond the payments will be five
dollars monthly. The privilege of pur-
chasing bonds in this manner is only
authorized with the understanding
that if the subscriber leaves the ser-
vice the bonds will be sold at market
value and his share of the proceeds
returned to him. The amount of al-
lotments taken must be telegraphed
to the adjutant general in Washington
on October 25 and enough bonds will
be held to cover the allotments. En-
listed men's allotments will be enter-
ed on the payrolls of the quartermas-
ter's department. Civilians should
transmit their allotments through the
officer under whom they are serving.

NATIONAL GUARD ENCAMPMENT SET FOR NOVEMBER 9

November 9 was set today by army
and national guard officers in confer-
ence as the beginning date for the
big national guard encampment at
Schofield Barracks.

Not all the guardsmen will arrive
on this date, some getting here on
November 12, three days later. The
first contingent will go at once to
Schofield Barracks, however, and will
be joined by the second group.

Those who will come in the first
group will consist of Kohala, Nepoo-
poo and Kamehameha guardsmen, and
will be brought by the Inter-Island
company. This company will also
make a special trip to bring the
Kauai battalion here on that date. The
Maui will bring the Hilo and Ka-
hului companies on November 12.
Return will be arranged by the same
transportation company. Each group
will remain 15 days in camp, so that
the encampment periods will overlap
each other.

The Oahu regiment, the 1st Hawai-
ian Infantry, will probably go into
camp at the beginning of the period,
November 9. To arrange a definite
place at Schofield for the camp, army
and national guard officers left this
afternoon for the big post.

CANADIANS SUBJECT TO CONSCRIPTION DEC. 1

(Associated Press by U. S. Naval Wireless.)
OTTAWA, Canada, Oct. 10.—The
first call for conscripts for the army,
under the conscription act recently
passed, will be made December 1, it
was announced officially today.

Charlie Chaplin In Real Life Is Islands Visitor

Comedian of the Screen Comes
to Hawaii to See Sights and
Take Things Easy

CHARLIE CHAPLIN is here! No, it
is not an advertisement for a new
Chaplin film. But Charlie in his
honest-to-goodness self and personality
today walked up the main street of
Honolulu. So thousands of movie
fans who have laughed themselves
hoarse over the antics and swag of the
jovial Charlie on the screen will
have an opportunity for the next few
weeks of occasionally bumping into
that worthy on the streets.

Charlie arrived on the Matsonia. In
the Chaplin party also were Miss Eda
Purviance, another well known screen
star; Tom Harrington and Bob Wag-
ner of the Saturday Evening Post staff.
Wagner is accompanying Charlie on
his trip just for the sake of being with
him and to record the personal side of
the vacation.

Charlie is here primarily for a rest
and to see the sights of the islands.
His trip, at least at present, has nothing
to do with the possibility of stag-
ing a comic scenario in the islands,
though Charlie is not averse to pick-
ing up a few hints that may serve him
well in his business of making human-
ity laugh away dull care.

Charlie and his party were the life
of the boat coming over and made
things gay for the passengers, aided
and abetted by R. J. Buchly of the
First National bank, who as a terri-
fically expert taught Charlie and Miss
Purviance a few new steps. The dan-
cing lessons were the occasion for more
merriment aboard the Matsonia.

HONOLULU BOY SENT TO ITALY IN AIR CORPS

Dr. and Mrs. R. W. Anderson, re-
turning passengers on the Matsonia
brought the news that their son,
Alexander Anderson, who has been
training in the U. S. aviation camp
at Itasca, N. Y., had left for the
front and is probably now in Italy.
Dr. and Mrs. Anderson spent the last
six weeks of their son's stay with
him in Itasca, and saw him depart for
France. While they were on their
way home they learned that his divi-
sion had reached France and, since
its destination was Italy, Mr. Ander-
son must by this time be there.

All Honolulu knows this very pop-
ular young man, who is a grandson of
the late Alexander Young, and born
in the islands. He graduated from Pu-
erubon with high honors, being the
leader of his class, 1913, and in 1915
graduated from Cornell. He entered
the signal corps in June of this year,
and was sent to the aviation camp
at Itasca, N. Y., for intensive train-
ing. Of the very large number of
students in training for this branch
of the service at Itasca, only 12 were
singled out to be sent across seas,
the rest being sent to different parts
of the state to continue their studies,
or instruct others. Mr. Anderson was
one of the 12 so honored.

AD CLUB HEARS NEW WAR SONG

"Over There," the great war song,
was sung at the Ad Club this noon as
a preliminary to the speech of General
Wisner, the guest of the day. The
song is all that was promised for it
and the Ad Club gave a vote of thanks
to Riley Allen and the Star-Bulletin
for bringing the glad tidings. Soon
the band will be playing it and the or-

Drink Phez Pure Juice of the Loganberry
The Taste Lingers
PHEZ is the ideal drink. It has the snap and tang that refreshes and invigorates a tired mind and body. PHEZ fairly teems with the piquant flavor of the luscious Loganberry, from which it is made. Absolutely free from fermentation. Just say PHEZ—
At All Fountains

chestras and the people will be sing-
ing it.
General Wisner gave a very inter-
esting review of the pleasant places
he has visited and the good people he
has met in his tour of duty covering
45 years of active service in the army.
He knows Europe and its most attrac-
tive homes and cordial people. But
he says that Hawaii is by all odds the
place of all of them to which he has
looked forward to in the hope that he
might return for permanent residence.

Roger Burnham followed General
Wisner with a talk on Liberty Bonds
and the part the Boy Scouts are to
take in the canvass next Saturday. C.
G. Heiser then followed with the sug-
gestion that the Ad Club have a spe-
cial luncheon to be an Ad Club Liberty
Loan rally. This was quickly taken
up and a committee was appointed to
work out a program which will in-
clude the ladies, prominent guests and
be a real live get together session. It
will be held either Tuesday or Wed-
nesday of next week. General Wisner
offered to have one of the military
bands present and the Ad Club volun-
teered to take care of it.

Mr. Kitchin from Washington, D. C.,
who arrived on the Matsonia this
morning, called upon for remarks
gave a speech that enthused his hear-
ers for its life and patriotic vigor.

Von Huebel could give a piano re-
cital every ray for a month and repeat
no number, and all from memory.

MAKING IT PLAIN

The Pure Food and Drug Laws aim
to protect the public by preventing
mis-statements on the labels of prepa-
rations but some people continue to
accept "extracts" of cod livers think-
ing they will get the benefits of an
emulsion of cod liver oil.

The difference is very great. An
"emulsion" contains real cod liver oil,
which has had the hearty endorse-
ment of the medical profession for
many years, while an "extract" is a
product which contains no oil and is
highly alcoholic.

Scott's Emulsion guarantees the high-
est grade of real Norwegian cod liver oil,
skillfully blended with glycerine and
hypophosphites. Scott's is free from the
false stimulation of alcohol and is en-
dorsed by good physicians everywhere.
Scott & Bowne, Bloomfield, N. J. 10-18

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered un-
told agony for years doctoring for nervous
weakness, stomach, liver or kidney disease or
some other ailment when their real trouble was
lack of iron in the blood—How to tell.
New York, N. Y.—In a recent discourse Dr.
E. Sauer, a well known Specialist who has
studied widely both in this country and Europe,
said: "If you were to make an actual blood
test on all people who are ill you would prob-
ably be greatly astonished at the extremely
large number who lack iron and who are ill for
no other reason than the lack of iron. The
moment iron is supplied all their multitude
of dangerous symptoms disappear. Without
iron the blood at once loses the power to
change food into living tissue and therefore
nothing you eat does you any good, you don't
get the strength out of it. Your food merely
passes through your system like corn through
a mill with the millers so wide apart that
the mill can't grind. As a result of this
continuous blood and nerve starvation, people
become generally weakened, nervous and all
run down and frequently develop all sorts
of conditions. One is too thin another is
burdened with unhealthy fat. Some are so
weak they can hardly walk, some think they
have dyspepsia, kidney or liver trouble, some
can't sleep at night, others are sleepy and
tired all day, some fussy and irritable, some
skinny and bloodless, but all lack physical
power and endurance. In such cases it is
worse than foolishness to take stimulating
medicines or narcotic drugs, which only whip
up your fading vital powers for the moment,
maybe at the expense of your life later on.
No matter what any one tells you, if you are
not strong and well you owe it to yourself to
make the following test. See how long you
can work or how far you can walk without
becoming tired. Next take two five-grain
tablets of ordinary nuxated iron three times
per day after meals for two weeks. Then
test your strength again and see for yourself
how much you have gained. I have seen
dozens of nervous run down people who were
ailing all the time, double, and even triple
their strength and endurance and en-
tirely get rid of their symptoms of dys-
pepsia, liver and other troubles in from ten
to fourteen days' time simply by taking iron
in the proper form, and this after they had
been doctoring for months
without obtaining any benefit. You can talk
as you please about all the wonders wrought
by new remedies, but when you come down
to hard facts there is nothing like good old
iron to put color in your cheeks and good
sound, healthy flesh on your bones. It is
also a great nerve and stomach strengthening
and the best blood builder in the world. The
only trouble was that the old forms of in-
organic iron like ferrous iron, iron ac-
etate, etc., often ruined people's teeth, upset
their stomachs and were not assimilated and
for these reasons they frequently did more
harm than good. But with the discovery of
the newer forms of organic iron all this has
been overcome. Nuxated iron for example, is
pleasant to take, does not injure the teeth and
is almost immediately beneficial.

NOTE: The manufacturers of Nuxated Iron
have such unbounded confidence in its potency
that they authorize the announcement that
they will refund \$100.00 to any charitable in-
stitution if they cannot take any man or
woman under sixty who lacks iron and in-
crease their strength 200 per cent or over in
four weeks' time provided they have no
serious organic trouble. Also they will re-
fund your money in any case in which
Nuxated Iron does not at least double your
strength in ten days' time. It is dispensed
in this city by Hollister Drug Co., Benson,
Smith & Co., Chambers Drug Co. and all other
druggists.

"no better oil"

WHITE—J. F. Hickey Motor Car Co., Tacoma—
"no oil on the American market that is better for
White cars than Zerolene."

FORD—Francis Motor Car Exchange, Portland—
"it has proven an economical and efficient oil."

STUTZ—Latham, Davis & Co., San Francisco—
"we are always glad to recommend your product."

OVERLAND—Chico Overland Co., Chico, Cal.—
"as a large user of Zerolene I take pleasure in recom-
mending it to Overland owners."

ZEROLENE The Standard Oil for Motor Cars

Endorsed by Leading Car Distributors
—because the records of their service departments show
that Zerolene, correctly refined from California asphalt-
base crude, gives perfect lubrication—less wear, more
power, least carbon deposit.

Sold everywhere and at our service stations.

IDEAL Fireless Cooker

means just this:

That your fuel bills will be less.

That the foods you cook will retain all their flavor
and nourishing juices.

That there will be no burnt roasts, no black crusted
biscuits.

That whoever the cook may be, she will have more
time to devote to other household or outside
duties.

The Ideal is the most highly improved Fireless cooker on
the market. Being made of materials that do not rust,
one should last a very long time.
We want you to look at these cookers for the sake of the
economy one will mean to you.
Sizes from 1 to 3 holes.

—Second Floor, take elevator.

Spalding Quality in Football Goods

A really good team manager will not risk the success of his team by outfitting them
with any but the very best quality in suits, shoes, guards, head harness, etc. And
the very best quality is Spalding's—unquestionably.
